Skills

Programming: Python, Java, JavaScript, TypeScript, SQL

Frameworks: Selenium, Cucumber, React, Springboot, Angular

Experience

FreeCast – Orlando, FL

QA Analyst | Jan 2025 - Present

- Documented and executed detailed manual test plans for eight device platforms, including regression tests, reporting bugs, and API validation.
- Utilized Postman to test APIs and verify their compliance with business requirements efficiently.
- Developed test automation using Python and Selenium to demonstrate process improvements for the team.

Junior System Administrator | Sept 2024 – Jan 2025

- Streamlined video production operations by 20% through the configuration and deployment of a dedicated Vantage server for automated transcription services.

IT Support | Nov 2023 – Sept 2024

- Resolved diverse technical issues for internal associates, maintaining high productivity and a proficient standard of support.
- Provisioned and deployed custom workstations for new hires, ensuring all hardware and software configurations met departmental standards.

Blacktip IT – Altamonte Springs, FL | Frontline Engineer Jul 2023 – Nov 2023

- Met or exceeded the company's Service Level Agreement (SLA) of 20 minutes for issue resolution, ensuring minimal downtime and high client satisfaction.
- Cultivated strong rapport with clientele, ensuring a high standard of professional and responsive support.

ClearEdge Title – Clearwater, FL | IT Support Aug 2022 – Jul 2023

- Developed a PowerShell script that cleared the cache and cookies of a user's browser.
- Managed and provided IT equipment by arranging desks, printers, and scanners upon request.
- Enhanced security by configuring multi-factor authentication for peers throughout the office.

Projects

World Map - Angular

<https://world-map-tsmith.netlify.app/>

- Engineered a dynamic front-end using Angular that integrates the World Bank API to fetch and visualize global datasets.

Excursions – SpringBoot

- Architected a SpringBoot REST API utilizing CRUD operations and relational database joins to power a seamless front-end experience.
